Programme Report

Dt: 13-6-2022

Name of the Topic : A seminar on “IPR Awareness Programme”
Date of Activity : 13 – 6 - 22
Venue : College Seminar Hall
Organised by : IPR Committee
Speaker : Dr. N Ranga Reddy, M.Pharm., Ph.D. St. John’s College of
Pharmaceutical Sciences, Yemmiganur
rangastudy@gmail.com
Cel no: 9160061853

Objective of the program

IPR is a very important aspect of present day pharmaceutical industrial scenario, where generation of IPR and then commercialisation of IPRs which is why IPR awareness. Understanding and promotion is the first and foremost objective of the national IPR policy.

Topics Covered

IPR

National Policy regarding IPR

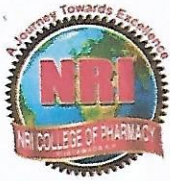

Outcome of the Programme:

Students, after the seminar get to know about intellectual property rights and also understand the types of intellectual properties which will be granted exclusive rights to the patent holder. Process of applying for the patent right. Students also get to know about documenting and presenting the data. 41 students attended the seminar.

Chebrolu Hanumaih Institute of Pharmaceutical Sciences,
Chaudavaram, Guntur
pharmacydeepu@gmail.com
cell no: 9676761991

Objective of the program

COVID-19 is an unparalleled pandemic in the modern world, which led to heavy human life loss and the response to its treatment was a unprecedented one. It is to bring to the students understanding about the symptoms, preventive measures to be taken according to the latest research findings and introduce to the budding pharmacists about the newer technologies that are being investigated in the clinical scenario.

Topics Covered

Vitamin A and Vitamin D therapy

Ozone Therapy

Hydrogen peroxide therapy

Outcome of the programme:

Students after the workshop get to know various treatment procedures developed by the scientists and their efficacy levels as there is no cure to the pandemic. Students are given an outline of treatment techniques like Ozone therapy, Vitamin therapy, Hydrogen peroxide therapy that are being used in the present treatment schedule for COVID patients. Total **39** students attended the programme.

Cell no: 0085081813

Objective of the program

COVID 19 is a unprecedented global health emergency in which every country faced lot of problems. In every corner people suffered due to lack of knowledge and lack of medicines and to other amenities. UN specifically took an initiative about educating the departments in various countries about the disease and supplying them the needed medicines at a alarming speed. To treat the infection various anti viral medicines were prooved to be more promising. Pharmacist in the society should take responsibility to educate people around them about the prevention measures to be taken and also safety measures to be followed.

Topics Covered

- COVID 19
- Respiratory tract infections
- Precautionary measures
- Preventive steps

Outcome of the Programme:

In the seminar, students will gain knowledge about the symptoms, preventive measures and treatment procedures at different stages of COVID 19. Preventive measures will be clearly explained to students as it is better to prevent than curing. In total 36 students attended the seminar.

About the Seminar:

In the seminar, students will gain knowledge about the symptoms, preventive measures and treatment procedures at different stages of COVID 19. Preventive measures will be clearly explained to students as it is better to prevent than curing.

About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleswari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada - Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Speaker : Dr. V. Alekhya M.Pharm., Ph.D
Assoc. Professor, Pharmacognosy, GIET, Rajahmundry, AP
v_alekhya@giet.ac.in
Cell No: 8977648666

Objective of the program

Patent Laws give exclusive rights to the patent owner to prevent others from commercially exploiting the patented invention. In other words, patent protection means that the invention cannot be commercially made, used, distributed, or sold by others without the patent owner's consent.

Under this law, patent rights are granted for inventions covering a new and inventive process, product or an article of manufacture that are able to satisfy the patent eligibility requirements of having novelty, inventive steps, which have capability for industrial application. Students should understand what type of works are considered for patenting in Pharmaceutical industry.

Topics Covered:

Patent Laws
Patent Rights
Pharmaceutical industry

Outcome of the programme:

In this workshop students will be envisioned about patent laws in India, patentable ideas or works as per the law. Students also understand about the drafting process and procedure for acquiring a patent in India. Students will be given a idea about some patented products and procedures in pharmaceutical industry. A total of 36 students attended the workshop.

WORKSHOP ON

"PATENT LAW"

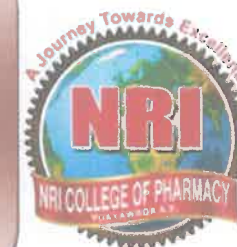

27, OCTOBER 2021

Agiripalli, Nunna, Krishna District, India

www.nricp.edu.in

SPEAKER

Dr. V. Alekhya M.Pharm, Ph.D
Assoc Professor,
GIET School of Pharmacy,
Rajahmundry, A.P.

Organized by :

Intellectual Property Rights Committee
NRI COLLEGE OF PHARMACY

Approved by AICTE, New Delhi,
Affiliated to JNTU Kakinada.

Agiripalli, Vijayawada, India - 521212

About the workshop:

In this workshop students will be envisioned about patent laws in India, patentable ideas or works as per the law. Students also understand about the drafting process and procedure for acquiring a patent in India. Students will be given a idea about some patented products and procedures in pharmaceutical industry.

About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleswari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Programme Report

Dt: 20-10-2021

Name of the Topic : A workshop on “Pharmacovigilance”
Date of Activity : 20 – 10 - 21
Venue : College Seminar Hall
Organised by : R & D Committee
Speaker : Dr. P.Vijetha, M.Pharm., Ph.D
Professor, Chebrolu Hanumaih Institute of Pharmaceutical Sciences,
Chaudavaram, Guntur
drvijethapendyala@gmail.com
Cell no: 9581187686

Objective of the program

Pharmacovigilance involves continuous monitoring of the marketed drug in pharmaceutical industry and the knowledge of it is considered very important for understanding any problems encountered after launching the product. Students should understand the importance of the post marketing surveillance and should be encouraged to regularly look into the issues. In recent decades pharmaceutical industries are focusing on pharmacovigilance and are recruiting pharmacy graduates for the betterment of their companies as well as to maintain their goodwill in the market.

Topics Covered

Pharmacovigilance

Software used

understanding adverse effects

Activities relating detection assessments

Outcome of the programme:

In this workshop, participants will gain knowledge about the significance of market survey once a new product is launched from a pharmaceutical company. Students also have information about various software used in this surveys and how to report the adverse events, once identified. **41** students attended the workshop.

Programme Report

Dt: 24-8-21

Name of the Topic : A online seminar on “Research and Review Paper Writing”
Date of Activity : 24-8-21
Venue : college seminar hall
Organised by : R & D Committee
Speaker : Dr. K. Venkata Ramana M.Pharm., Ph.D, Professor and Principal
ASN Pharmacy College, Tenali, Guntur
drkvr70@gmail.com
Cell no: 9849496407

Objective of the program

Research and Development is considered as back bone of any institute and students should be encouraged to regularly take up research work at institute level and thereby help in technological/industrial development. In recent decades our country is focusing on research activities at institution level and contributing towards R & D activities by scientists, teachers, students etc is increasing.

Topics Covered

Research Paper writing
References of different Journals
Indexed and mom indexed Journals
Organising the collected data

Outcome of the Programme:

In the seminar student gains knowledge about the variations and similarities in research and review paper writing and also learned about collecting data from journals and how to organise the data into an official publication. **39** students attended the seminar.

Agiripalli, Vijayawada, India - 521212

About the seminar:

In the seminar students gain knowledge about the variations and similarities in research and review paper writing and also learned about collecting data from journals and how to organise the data into an official publication.

About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleswari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Programme Report

Dt: 12-8-21

Name of the Topic : A seminar on “Current Issues in IPR”
Date of Activity : 12-8-21
Venue : Seminar hall
Organised by : IPR Committee
Speaker : Dr. D. Sandeep M.Pharm., Ph.D
Dept of Pharmacology,
Chebrolu Hanumaih Institute of Pharmaceutical Sciences,
Chaudavaram, Guntur
d_sandeep@chips.ac.in
Cell no: 9963326571

Objective of the program

Ideas and knowledge are an increasingly important part of trade. Many products that used to be traded as low technology goods contain higher proportion of invention and design in their value. Pharmaceutical and Biotechnology products have a higher level of invention and highest care to be taken before taking them to the market. So protection of invention and intellectual property is very important in pharmacy field. Trade related aspects of Intellectual Property Rights (TRIPS), introduced rules and this monitor the arise during the implementation of the IPR regulations in the industry.

Topics Covered

IPR

TRIPS

Indian Market

Outcome of the Programme:

After this seminar, Students get to know, the ever changing science and technology, changes in the value of a product and accordingly the patent rights also keep changing. Students get to know about different intellectual property rights and their application processes. Number of students attended were, **39**.
