INSTITUTIONAL INITIATIVES:

1. RESTRICTED ENTRY OF AUTOMOBILES

Our institute has a fleet of 43 buses which covers up to 60kms to provide a secure, safe and sound transport service for the convenience of the faculty and students residing at any destination of the city. Every student and staff members are expected to avail the transport facility to enable them to be punctual to college. Our college buses are immaculate and are regularly checked to be pollution free by an endorsed agency. Our institute has a transport management system which simplifies complex transportation processes through auto matched scheduling and dynamic route planning.

2. PEDESTRAIN FRIENDLY PATHWAYS

Pedestrian usually aims to provide better accessibility and mobility for pedestrian. A smooth continuous pathway wide enough to accommodate users is a pretty obvious requirement and it was properly maintained by the campus committee. Vehicle carport is provided at the main access of the college campus. As the campus is automobile free with some expectations, students and college staff can experience enjoyable walking through the pedestrian friendly pathways. The within roads of the university roads are lined with trees and solar lights and they are properly sustained by the campus maintenance committee .Security peoples are assigned duties to maintain pedestrian paths within the campus.

3. BAN ON USE OF PLASTIC:

One time use plastic items such as plastic bottles, bags, spoons, straws and cups are banned totally consciousness is created among staff and students through orientation and showing boards in the premises. To avoid the use of plastic, measures have been taken to replace plastic tea cups and glasses with steel glasses in the canteen. The staff and students are intimated to use steel or copper water bottles in place of plastic bottles. The Institution also conducted Unnatha Bharatha Abhiyan activity on ban on use of plastic and created consciousness to the faculties and localites all over the campus.

Our institution is one of the participating institution(PI) UNDER Unnat Bharat Abhiyan (UBA).UBA focus mainly on the execution of plastic free campaign in the embraced villages.

Students and faculty members described the ill effects of plastics and commended not to use plastics. In place of plastics, recycled bags can be used which rescue the environment and animals. School children and the people of the village reacted and assured that they will refuse to plastic and also welcomed the initiative students also collected the plastics from the houses and surrounding areas. The campaign was successful in transmitting SWATCH BHARATH and say no to plastic.

4. LANDSCAPING WITH TREES AND PLANTS

Landscaping of the college is important and reflects aesthetic sense. The institute has shade of trees and plants to make the environment of the institution pollution free to safe guard the health of the people. The lawns and the trees are providing shade, wonderful climate and which provides positive vibration. The maximum care should be taken in the process of developing and maintaining the green landscaping by well trained gardeners and supervisor are appointed to make the healthy and pollution free environment in the institutions. The constructions, maintenance people in the institution looks after the developing and maintenance of the greenery in the college campus .The higher authorities in the institutions are taking lead action to make the campus environment paperless. Internal communication in the campus will forward to e-mail or e-message which will make the campus paperless office. Electronic gadgets are very important to transfer and store official data and information which was related to institution. Then by this we make campus environment contamination free. So, landscaping with trees and plants in the institution is very essential to make pollution free and healthy environment.
